

Hi everyone!

We are really looking forward to seeing you here in Malmö.

Some additional useful information for the race this weekend.

- There is some sea weed in Öresund. It is recommended that you have a weed guard.
- Come with a great appetite. We are preparing a big buffet of hamburgers after the race. Do you have any preferences or allergies please let me know (vegetarian, lactose or gluten intolerant, etc)
- The weather forecasts are not really stable and we will know on Thursday evening which course we will choose. It looks like a N to NE wind, but the forecast is changing by the hour.

Best regards,

Laszlo
